DETAILED ACTION

1. Amendment filed on 7/18/06 has been received.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1-22 are rejected under 35 U.S.C. 102(b) as being anticipated by Jacques et al (U. S. Patent no. 4,452,015).

See figures 1-4 pneumatic spring with support segment 3,4 attached to closure 1 at pivot 5 and base member attached at pivot 10 to first arm segment 8, second arm segment 7 longer than the first arm segment with roller 14 attached to the end, roller biased against closure at surface 15 to bias open the closure member, pivot between the two arm segments 11.

Regarding claims 4,13,22, Jacques et al shows an arm structure with an extension section attached to the second segment in figure 2, note the bents in the arm similar to the bents in the arm of the instant invention.

Response to Arguments

4. Applicant's arguments with respect to claims 1-22 have been considered but are moot in view of the new ground(s) of rejection.

Art Unit: 3683

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
